

## WILD HORSE HANDICAP SYSTEM

- The Wild Horse Scramble handicap system will be used at the Labor Day Tournament to determine flights and flight winners.
- All participants must have either an official USGA handicap index or have a league handicap for 18 holes of regulation golf, which must be verified.
- Each player's handicap will be determined by the Wild Horse handicap system listed below.
- The team's total handicap index will be determined by adding the plus (+) handicaps and subtracting any negative (-) handicaps.
- 80% of the team's total handicap will be used for competition. The team's Wild Horse handicap must total no more than minus seven (-7). If a team total is more than -7, the team will be assigned only a (-7). The Team Table is listed on page 2 of this document.

USGA INDEX	Ave. Score 18 Holes	WH Handicap
20 and up	101 and up	-3
15.0 - 19.9	93 - 100	-2
10.0 - 14.9	86 - 92	-1
5.0 - 9.9	81 - 85	0
2.0 - 4.9	76 - 80	1
0 -1.9	71 - 75	2
all + Indexes	70 and lower	3

Convert individual indexes/scores prior to computing team handicap.

Once team handicap has been totaled, the table below will be used to determine the adjusted tournament handicap.

## ADJUSTED TOURNAMENT HANDICAP

Wild Horse Team Handicap Total	80%	Adjusted Tournament Handicap
-12	-9.6	-7
-11	-8.8	-7
-10	-8	-7
-9	-7.2	-7
-8	-6.4	-6
-7	-5.6	-6
-6	-4.8	-5
-5	-4	-4
-4	-3.2	-3
-3	-2.4	-2
-2	-1.6	-2
1	-.08	-1
0	0	0
1	0.8	1
2	1.6	2
3	2.4	2
4	3.2	3
5	4	4
6	4.8	5
7	5.6	6
8	6.4	6
9	7.2	7
