

League Playoffs

This year both Monday and Thursday leagues will be 18 weeks long. We will take the first 15 weeks as “position” weeks, and the last three for playoffs. The playoffs will consist of the top eight teams of your respective league. We will be playing a standard bracket playoff format, with each round of the playoffs being the last three weeks of league.

In the case of a tie for the 8th place team a tie breaker system will be used. First will be the winner of the head-to-head matchup during the 15 weeks. If teams did not play each other then it will be based off how many matches were won during the same 15 weeks.

***There will be NO subs for playoff matches. If you make playoffs and you or your partner know you will not be able to make playoff round/rounds you will need to let Justin know before playoffs start and the next placed team will replace your team.**

League dues will be raised from \$50 for playing in one league and \$65 for playing both Monday and Thursdays nights, to \$60 and \$75. The \$10 increase in dues will all go to the payout for the top 3 places in each respective league. We have 4 different leagues (Monday Classic, Monday Champ, and two leagues on Thursday).

Payout for Playoffs

(\$2,000/4 leagues= \$500 per league)

1st- \$250 - \$125 per guy

2nd- \$150 - \$75 per guy

3rd- \$100 - \$50 per guy

Non-Playoff Teams

For the teams that did not make the playoffs we will be doing a low net best ball format for the last 3 weeks of leagues. Each player will receive their normal handicap and play each hole. Then between themselves and their partner they will take their best net score each hole.

For example: A team is playing hole 1. Player one has a handicap that gives him a stroke on the hole but player two does not. They both play the hole and player one scores 5 net 4 and player two scores 5. The team would take player one's score for that hole.

***Subs WILL be allowed in this format just like regular league play. You will need to call in subs or if you or your team will not be here just like regular league so changes can be made before league time. Last three weeks of league will be paired manually. Monday Classic league will have those 3 weeks posted on the website whether you are in the playoff or not, so teams can call who they are playing with and set up a tee time like normal league play.**

There will be a payout for top 3 places in your respective league for the 3 weeks of net best ball. Results will be calculated the night of league and posted on the website as well.

Payout for Net Best Ball

(\$1,200/4 Leagues=\$300 per week /3 weeks= \$100 Payout)

1st- \$50 - \$25 per guy

2nd- \$30 - \$15 per guy

3rd- \$20 - \$10 per guy
